- Glamorous modern style • Three glass domes that emit a soft light
- Provides a soft, diffused light • Matte white opal mouth blown glass

Grant balances simplicity and elegance in the best way imaginable, where all the unnecessary decorations are removed, allowing the shape and materials to stand out. The beautiful luminous spherical glass dome is enclosed by its frame, creating a complete and decorative whole.

Grant ceiling is a beautiful alternative to the traditional pendant. The three stunning domes in white opal glass provide a nice general light, and simultaneously the lamp does not take up unnecessary space, which is why Grant for example is suitable in the entrance or hallway. Moreover, Grant contributes to one of today's great design trends with the use of brass and white opal glass.
